1. PURPOSE

The purpose of the report is to obtain council approval on the Draft Annual Budget for Amahlathi Local Municipality for 2024/2025 financial year.

2. LEGAL/STATUTORY REQUIREMENTS

Municipal Finance Management Act

Municipal Budget and Reporting Regulations

3. BACKGROUND

Section 16 (1) of the MFMA; Act 56 of 2003 states that the council of a municipality must for each financial year approve an annual budget for the municipality before the start of the financial year. Section 16 (2) of the MFMA; Act 56 of 2003 states that; in order for the municipality to comply with subsection (1); the Mayor of the Municipality must table the annual budget at council meeting at least 90 days before the start of the financial year. Furthermore, section 24 of the MFMA states that the council must approve the annual budget 30 days before the start of the budget year. Section 17 of the MFMA; Act 56 of 2003 states that an annual budget of the municipality must be a schedule in the prescribed format: -

- a. Setting out realistically anticipated revenue for the budget year from each revenue source.
- b. Appropriating expenditure for the budget year under the different votes of the municipality.
- c. Setting out indicative revenue per revenue source and projected expenditure by vote for the two financial years following the budget year.
- d. Setting out-
 - Estimated revenue and expenditure by vote for the current year; and
 - Actual revenue and expenditure by vote for the financial year preceding the current year; and
 - A statement contained any other information required by section 215 (3) of the constitution or as may be prescribed.
- e. An annual budget must generally be divided into a capital and operating budget in accordance with international best practice, as may be prescribed.

4. MAYORS REPORT

It gives me great privilege to present the 2024/25 Draft Medium Term Revenue and Expenditure Framework (MTREF) budget to council for its consideration. Budgeting for 2024/25 financial year and the outer two financial years were guided by the Budget Process Plan which was adopted by Council on the 31 August 2023 in line with the Municipal Finance Management Act. National Treasury issued MFMA Budget Circular No. 126 and 128 which were used to guide the compilation of the 2024/25 Medium Term Revenue and Expenditure Framework (MTREF) budget. The main objective of a municipal budget is to allocate realistically anticipated resources to the service delivery goals identified as priorities in the Integrated Development Plan. Municipal finances continue to remain under pressure as a result of rising costs to deliver services; declining grants from fiscus; slow revenue collection trends and high salary costs. The Municipality is faced with various challenges, which among them include a culture of slow payment for rates and service charges by debtors which has further been exacerbated by the weak economic growth rate and inflationary pressures. All these factors are negatively affecting municipal revenue collection rate. Having said this, the municipality is implementing various revenue strategies with an objective of improving revenue collection trends. These progress on strategies is reported quarterly in the revenue enhancement committee to assess progress.

The following is the table depicting the high-level overview of the 2nd adjustment budget for 2024/25

Description	Adjusted 2023/24	2024/25 MTREF	2025/26 MTREF	2026/27 MTREF
Operating Revenue (Incl. capital transfers)	312 047 394	322 760 542	325 658 163	314 576 115
Operating Expenditure	309 640 890	308 368 994	316 940 859	314 351 165
<i>Surplus or (Deficit) after capital transfers</i>	2 406 504	14 391 548	8 717 304	224 950
Capital Expenditure	65 649 950	60 937 850	59 638 950	46 240 100
<i>Surplus/Deficit</i>	(63 243 446)	(46 546 302)	(50 921 646)	(46 015 150)

The total revenue including capital transfers has been increased from R312m to R322m. The operating expenditure has decreased slightly from R309m to R308m. Capital expenditure has slightly declined from R65m to R60m.

The draft annual budget that is tabled before council is unfunded; the municipality has however reduced the deficit when compared to the 2nd adjustment budget.

5. DRAFT BUDGET RELATED RESOLUTIONS

Below are the resolutions that must be approved by council with 2024/25 draft annual budget.

- a. That the Draft Annual Budget for 2024/2025 and the indicative 2 outer financial years 2025/2026 and 2026/2027 **BE APPROVED** as set out in the following budget tables:-
 - 1.1 Table A1 Budget Summary
 - 1.2 Table A2 Budgeted Financial Performance by Standard Classification
 - 1.3 Table A3 Budgeted Financial Performance by Vote
 - 1.4 Table A4 Budgeted Financial Performance – Revenue by Source and Expenditure by type
 - 1.5 Table A5 Budgeted Capital
 - 1.6 Table A6 Budgeted Financial Position
 - 1.7 Table A7 Budgeted Cash Flows
 - 1.8 Table A8 Budgeted Backed Reserves and Accumulated Surplus Reconciliation
 - 1.9 Table A9 Asset management
 - 1.10 Table A10 Basic Service Delivery Measurement
- b. That the list of revised capital projects **BE APPROVED.**
- c. That the funding plan **BE NOTED.**
- d. That the Draft Annual Budget **BE APPROVED.**
- e. That the draft budget related policies **BE NOTED AND APPROVED.**

6. OVERVIEW OF ASSUMPTIONS USED

The assumptions used were guided by MFMA Circular 126 issued by National Treasury for compilation of 2024/25 MTREF Budget. The following assumptions were used: -

- **Tariffs for property rates** have been increased by 6% for businesses and other categories.
- **Tariffs for refuse and electricity** have been increased by 6%.
- **Other revenue** has been increased by 6% and 4,9% respectively which is in line with CPI forecast and tariff structure. Revenue collection trends and current economic conditions have also been taken into consideration.
- Inflation outlook as indicated below was used:-

Fiscal Year	2024/25	2025/26	2026/27
Consumer Price Inflation (CPI)	4,9%	4,6%	4,5%

- **Bulk electricity costs** will increase in line with NERSA guidelines (Nersa approved 12,7% in 2023). Municipality has not effected a change in the Bulk services considering the pressure of the budget.
- **Employee related costs** have been increased by 4,9% in line with CPI in the absence of the new agreement. The *Salary and Wage Collective Agreement* for the period 01 July 2021 to 30 June 2024 has come to an end and a new agreement is under consultation.
- **Remuneration of councillors** have been budgeted in line with the CPI in the absence of the new Government Gazette on the Remuneration of Public Office Bearers Act. The next gazette is published between December and January. Treasury encourages municipalities to apply the CPI per above.
- **Other Expenditure** has been increased slightly due to a slight increase of just R6m in the equitable share.

7. EXECUTIVE SUMMARY

The revenue of the municipality continues to be under pressure due to various factors; which include the culture of slow payment by debtors; the slow economic growth rate; unemployment rate which was also exacerbated by the pandemic and high salary bill. The municipality has recently reviewed its

revenue raising strategies and these have been approved by council. The progress on implementation of the revenue enhancement strategy is being reported on a quarterly basis. Below is a high-level summary of the draft annual budget. The operating revenue has been increased from R250m to R263m excluding capital transfers and this is largely due to slight improvement in grants and anticipated revenue. The operating expenditure has been decreased from R309m to R308m; and this is attributed to the decrease in finance costs which Eskom will reduce the interest for the municipality.

8. OPERATING REVENUE FRAMEWORK

Section 18 (1) of the MFMA states that the annual budget may be funded from realistically anticipated revenues to be collected; cash-backed accumulated funds from previous years' surpluses not committed for other purposes; and borrowed funds, but only to fund capital projects. Furthermore section 18 (2) states that revenue projections in the budget must be realistic, taking into account projected revenue for the current year based on collection levels to date; and actual revenue collected in previous financial years. In these tough economic times strong revenue management is fundamental to the financial sustainability of the municipality. Below is the table reflecting the summary of budgeted revenue by source.

The municipality is implementing various revenue strategies which include, revenue enhancement strategy; financial recovery plan and debt incentive scheme with an objective to improve financial viability. In order, to meet the objective of the strategy a revenue enhancement committee monitors and evaluates the implementation of the strategies.

Below is the table reflecting the summary of revenue by source.

- Service charges have been increased slightly from R58m to R61.4m taking into account the prepaid meter project and strategies being implemented.
- Rental of have been increased from R347 thousand to R366 thousand and this is 6% increase which is in line with CPI.
- Interest on investments have been increased slightly from R3.7m to R3.8m and this is in line with CPI.
- Licences and Permits have been budgeted to increase from R2.9m to R3m and this is in line with CPI.
- Operational transfers and subsidies have increased from R200m to R204m when compared to 2024 and this is due to a slight increase in Equitable Share; MIG; INEP Grant approved after being stopped and Energy Efficiency Grant which is a new grant. It is worth to note that the projected Equitable Share to be received by the municipality is declining over the MTREF. EPWP Grant has decreased from R1.3m to R1.2m; this reduction is across all municipalities. These reductions form part of governments efforts to drive fiscal consolidation (reducing government deficit and debt accumulation).

Grants and Subsidies constitute 63.3% of operating revenue; property rates and service charges 27.1% and other revenue 9.6%. This is an indication that the municipality is still heavily dependent on grants. Below is the graph depicting the split of total operating revenue.
