SECTION ONE: IDP PROCESS PLAN

1. INTRODUCTION

On the 25th May 2023, Amahlathi Municipality adopted its 2023/24-2026/27 Integrated Development Plan (IDP) for the municipality which will be reviewed annually. The IDP was developed in accordance with requirements set out in the Municipal Systems Act (32 of 2000) and Local Government Municipal Planning and Performance Management Regulations (2001).

Section 28 (1) of the Municipal Systems Act no. 32 of 2000 states that each municipal council must, within a prescribed period after the start of council's elected term, adopt a process set out in writing to guide the planning, drafting, adoption and review of its IDP. The way in which the IDP process will be undertaken is outlined in Process Plans which all municipalities must prepare. These Process Plans need to comply with this Framework Plan to ensure alignment and co-ordination between district and local municipalities as stipulated in the Municipal Systems Act.

The Local Government: Municipal Planning and Performance Management Regulation, 2001 provides elaborately on the contents of the Integrated Development Plan and the processes the Municipality must subject the IDP process into when doing its development or review.

1.1 Legal context

According to Section 27(2) of the Municipal Systems Act, the framework plan binds both the district municipality and the local municipalities. The Act states that the framework plan must at least cover the following issues:

- Identify plans and planning requirements binding in terms of national and provincial legislation on the district municipality and the local municipalities or on any specific municipality;
- Identify matters to be included in the integrated development plans of the district municipality and the local municipalities that require alignment;
- Specify the principles to be applied and co-ordinate the approach to be adopted in respect of those matters; and
- Determine procedures:
 - i) For consultation between the district municipality and the local municipalities during the process of drafting their respective integrated development plans; and
 - ii) To effect essential amendments to the framework.

The Municipal Finance Management Act (MFMA) is very clear in respect to time-frames for the IDP and the budget. The MFMA requires the budget and IDP schedule (or the IDP Process Plan) to be adopted by Council by the end of August, the budget and IDP to be tabled before the council in March and Budget and IDP to be adopted by council in May (section 21 and 24).

1.2 Elements of IDP Reviewal Process

The IDP reviewal process is mainly geared towards picking up on early-warning sign for corrective action whenever it is required. The Performance Indicators are flowing from the IDP and constitute the heart of the Performance Management System. The above lay the basis for the review of the Integrated Development Plan.

Aside from the statutory imperative, it is necessary for Amahlathi Municipality to review its IDP in order to:

- Ensure the IDP's relevance as the municipality's strategic plan
- Inform other components of the municipal business processes, including institutional and financial planning and budgeting
- Inform the cyclical inter-governmental planning and budget processes

In the IDP review cycle changes to the IDP may be required from these main sources:

- Comments from the MEC, if any;
- Incorporation of the most recent descriptive data
- Review and refinement of the objectives and strategies
- Review and refinement of the projects
- Amendments in response to changing circumstances; and
- Improving the IDP process and content.

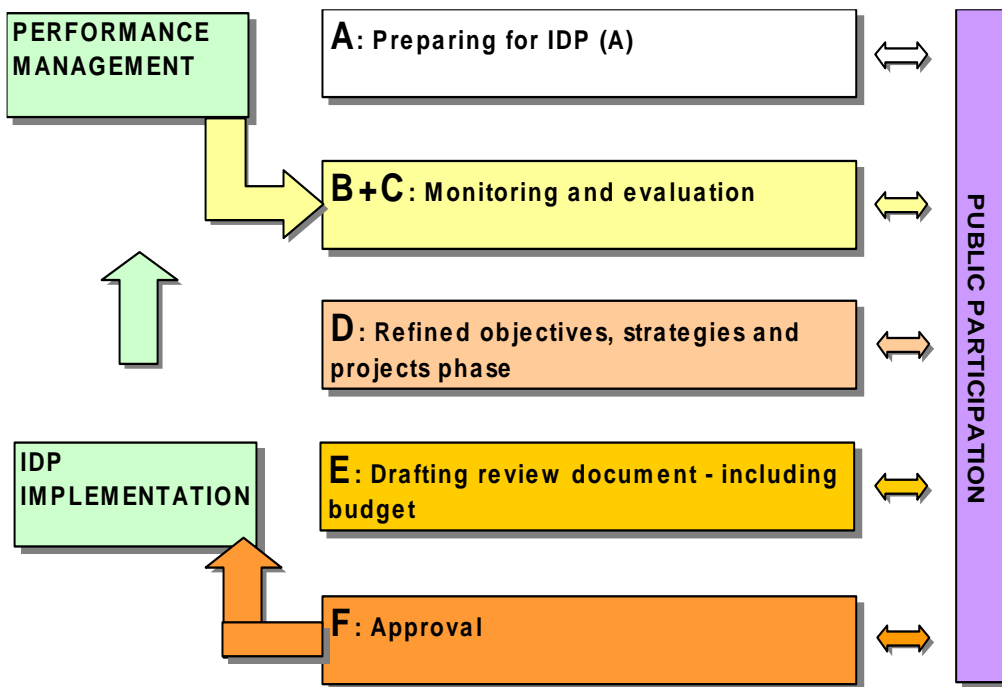

The significant development, which in all probabilities will have a huge impact on the IDP, is the Community Based Planning. The Community Based Planning is a planning instrument, which is geared towards the enhancement of the community participation component of the IDP. Of particular concern has been the inability of the IDP to translate community participation into an organic process.

The main output is a 5-year strategic document. This strategic document is likely to comprise a number of components, including:

- Institutional Plan
- Financial Plan
- Spatial Development Framework,
- Performance Management Framework
- Various Sector Plans,
- List of programs and projects,
- Service Delivery and Budget Implementation Plan.

1.3 IDP Process

This process describes a continuous cycle of planning, implementation and review as can be seen in the figure below. During the year new information becomes available and unexpected events may occur. Some of the information can make immediate changes to the planning and the implementation of the IDP. After the developed IDP has been adopted, implementation as well as situational changes will continue to occur, which is again monitored throughout the year and evaluated for consideration in the next IDP review (DPLG, IDP Guide Pack, Guide IV).

Each of these steps is reflected in the Action Plan which outlines the time frames and activities within which these steps should take. Because the roll out of the PMS is part of the review process, it is also included in the Action Plan.

2. ORGANISATIONAL ARRANGEMENTS

Three structures will guide the IDP Process within the Amahlathi Municipal Area

- 2.1 IDP & Budget Steering Committees
- 2.2 Inter-Governmental Relations
- 2.3 IDP Representative Forums

2.1 IDP & Budget Steering Committee

The Mayor of a municipality must establish a Budget Steering committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act (MFMA). The Budget Steering Committees shall be comprised as follows guided by MBRR.

- (a) the councilor responsible for financial matters;
- (b) the municipal manager;
- (c) the chief financial officer;
- (d) the senior managers responsible for at least the three largest votes in the municipality;
- (e) the manager responsible for budgeting;
- (f) the manager responsible for planning and any technical expects on infrastructure.
- (g) The manager responsible for internal auditing.

An IDP & Budget Technical Working Committee (Task Team) that would function as a technical working team consists of the following members:

- Municipal Manager – Chairperson
- General Manager office of the MM
- Director Planning & Development
- Chief Financial Officer
- Director Engineering Services
- Director Corporate Services
- Director Community Services
- Senior Manager Budget
- IDP & PMS Manager
- Senior Accountant Budget and Reporting, to provide secretariat
- IDP Officer to assist secretariat
- Senior and middle management

The steering committee would provide a technical support to the IDP Driver to ensure a smooth planning process. It is supposed to guide the process. This means that amongst other things it will be responsible for:

- Establishment of the Representative Forum
- Define criteria to choose members of the Forum

- Inform public about the establishment of the forum, request submissions of applications from stakeholders and communities (indicate objectives, activities and number of members)
- Identify additional stakeholders from unorganized groups, e.g. potential academics, advocates, doctors and resource persons.
- Submit proposed groups/ members to the Council for consideration

2.2 Inter-Governmental Relations

The main objective of the Amahlathi Local Municipality IGR Forum is to enhance coordinated, integrated and aligned development and consider priorities in the entire municipal area. Additional objectives include the following:

- a) Development of a Local Government Program of Action in relation to the National and Provincial Programs.
- b) To facilitate the coordination, integration and alignment of provincial and municipal strategic planning and to put in place mechanisms and procedures that will ensure that provincial strategic planning informs and is informed by the IDP of the Amahlathi Local Municipality.
- c) To consult on policy issues that materially affects Local Government.
- d) To develop and provide mechanisms to engage Provincial Government and the Office of the Premier on IGR related matters and/or challenges.
- e) To consider such other matters of mutual interest as either party may place on the agenda of a meeting from time to time.
- f) To promote economic growth and development through trade, investment and tourism.
- g) To share knowledge and expertise in local governance generally or in agreed functional areas.

The goal of the Amahlathi Local Municipality IGR Forum is to ensure that the decisions reached are implemented by:

- a) Sharing of information on/and understanding of the respective programs of all stakeholders.
- b) A clearer understanding of mutual strategic priorities and how these complement each other.
- c) A commitment to collaborate, engage continually and share information on policy implementation, success stories and co-ordinate activities

Role of Amahlathi Local Municipality in the IGR Forum

The Amahlathi Local Municipality IGR Forum is a consultative forum for Amahlathi Local Municipality to discuss and consult with stakeholders on matters of mutual interest, including:

- a. Coordinating, overseeing and monitoring the implementation of national, provincial and district governance policies and legislations relating to matters affecting local government interests in Amahlathi Local Municipality;
- b. Matters arising in the District Mayors Forum (DIMAFO), Provincial MUNIMEC and the Premier's Coordinating Forum affecting Amahlathi Local Municipality;
- c. Mutual support in terms of the section 88 of Local Government Municipal Structures Act 117 of 1998;

- d. The provision of services in Amahlathi Local Municipality as well as the performance of the Amahlathi Local Municipality in the provision of services in order to detect failures and to initiate supportive, preventive or corrective action when necessary;
- e. Coherent planning and development in Amahlathi Local Municipality;
- f. The coordination and alignment of the strategic and performance plans and priorities, objectives and strategies between the Amahlathi Local Municipality, District Municipality and other spheres of government.
- g. Any other matters of strategic importance which affects the interests of Amahlathi Local Municipality
- h. Coordination of IGR cluster forums that are aligned to Key Performance Areas of local government.

2.3 *Integrated Development Plan Representative Forum*

The most critical structure established for this process, especially for purposes of ensuring maximized participation of different interest groups and sectors, is the IDP Representative Forum. The rationale behind the establishment of this committee is to ensure that communication channels are kept smooth and efficiently.

The function of the IDP Representative Forum includes the following:

- To ensure that every activity and decisions taken in the IDP development process are communicated to the communities.
- To monitor and ensure that all decisions that are taken with regards to routes that the IDP must take from time to time are followed to the latter.
- To reflect and safeguard the community inputs. This means that they are the mouthpiece of the communities.
- To represent the interests of their communities.
- To provide an organizational mechanism for discussion, negotiation and decision making between stakeholders including the municipal government.
- To participate in the process of setting and monitoring key performance indicators.

Ward/PR Councilors, Traditional Leaders and Ward Committees:

Their responsibility is to ensure that at all times their mandate in the Integrated Development Forum comes from communities which they represent particularly on issues affecting them. The Ward/PR Councilors, Traditional Leaders and ward Committees are further expected to communicate deliberations of the IDP Representative Forum and always ensure that feedback is given to the communities on progress registered. The minutes on the forums convened are always reported to the Council for considerations.

District Municipality:

The main role of the Amathole District Municipality is to provide technical inputs and assistance on the processes.

3. MECHANISMS AND PROCEDURES FOR PUBLIC PARTICIPATION

The following public participation mechanisms are proposed for each and every milestone.

Preparation Phase	Notices on the Municipal Website Notices on Municipal Facebook Page Notices on Notice Boards Flyers Announcements on Local Radio Stations
Monitoring and Evaluation Phase	Representative Forum Meetings Public Hearings
Objectives, strategies and Projects Phase	Representative Forum Meetings
Reviewed IDP Phase	Public Hearings Representative Forum Meetings
Approval Phase	Notices on the Municipal Website Notices on Municipal Facebook Page Announcements on Local Radio Stations Representative Forum Meetings

3.1 Public Participation Strategy

In the 2022/2023 financial year a Public Participation Strategy has been developed and it is awaiting Council Approval. The purpose of the Public Participation Strategy is to provide for mechanisms by which the public may participate in the affairs of the Municipality and to clarify roles and responsibilities of all the role players and interested parties. It will therefore be used to report back and account to residents about council decisions, plans and budgets and also inform people of new services, tariffs, developments and policies. The strategy will ensure full and proper accountability to the people of Amahlathi Local Municipality and create an enabling environment for civil society to find a platform upon which they can voice their concerns and take part in the fundamental decision making issues that affect them and communities at large.

The Municipality has a Public Participation Policy that was adopted by Council it is reviewed annually. In accordance with Municipal systems Act 2000, the municipality holds regular IDP/PMS/ Budget Representative Forum meeting in drafting IDP and Budget. Forum meetings are be convened quarterly in preparation of each phase.

The following forms are used in calling the interested parties

- Website, Facebook, Notice Boards to publish our notices
- Community Radio Stations to reach those parts of our community that do not read newspaper
- Posters, pamphlets, ward councillors, ward committees, Community Development Workers (CDW) and announcements through community gatherings and community based organizations
- Loud hailing

Other structures used to enhance public participation is through Ward Committee Meetings, LED Forums and SPU Forums and Local Communicator’s forum which are convened quarterly.

To ensure that the needs of unorganized groups are represented as well, advocacy groups and Non-Governmental Organizations (NGOs) are used as well for communication. Meetings of the Representative Forum will be held in any appropriate Municipal buildings and the preferable languages that we use during these sessions are:

- English
- Xhosa

4. SECTOR PLANS

The Municipality have identified and developed a number of strategies and plans as reflected in the IDP. New sector plans are developed and/or existing ones reviewed during the IDP process.

It is important to note that all Sector Plan studies were conducted on the local space and as such covers the entire Amahlathi local area.

Following is the list of sectors that the municipality has developed:

ECONOMIC DEVELOPMENT	LAND CARE DEVELOPMENT	SOCIAL AND HEALTH SERVICES	GOVERNANCE OPERATIONS	FINANCIAL VIABILITY
<ul style="list-style-type: none"> • Local Economic Development Strategy • Forestry Strategy • SMME Strategy • Tourism Master Plan • Agricultural Plan 	Spatial Development Framework	Integrated Waste Management Plan	Employment Equity Plan	Revenue Enhancement Strategy
		Community Safety Plan	Communications Strategy

		Special Programme Strategy	Recruitment Plan	
	Housing Sector Plan	Integrated Fire Management Plan	Human Resources Development Strategy	
			Fleet Management Strategy	
			Workplace Skills Plan	

5. BINDING PLANS AND LEGISLATION

National legislation can be distinguished between those that deal specifically with municipalities arising from the Local Government White Paper on the one hand and sector planning legislation on the other.

The Municipal Structures and Systems Acts are specific to municipalities. The Systems Act has a specific chapter dedicated to IDPs and is the driving piece of legislation for the development of IDPs. Arising from the Systems Act, the IDP Regulations need to be complied with.

National sector legislation contains various kinds of requirements for municipalities to undertake planning. Sector requirements vary in nature in the following way:

- Legal requirements for the formulation of a district sector plans (e.g. a water services development plan).
- A requirement that planning be undertaken as a component of, or part of, the IDP (like a housing strategy and targets).
- Links between the IDP and budget process as outlined in the Municipal Finance Management Bill.
- Legal compliance requirement (such as principles required in the Development Facilitation Act – DFA – and the National Environmental Management Act – NEMA).
- More a recommendation than a requirement, which is deemed to add value to the municipal planning process and product (in this case, Local Agenda 21).

CATEGORY	SECTOR REQUIREMENT	NATIONAL DEPT	LEGISLATION/POLICY
Legal requirement for a district/local plan	Water Services Development Plan	Department of Water Affairs and Forestry	Water Services Act
	Integrated Transport Plan	Department of Transport	National Transport Act
	Waste Management Plan	Department of Environmental Affairs & Tourism	White Paper on Waste Management
	Spatial planning requirements	Department of Rural Development and Land Reform	Land Use Management Act
Requirement for sector planning to be incorporated into IDP	Housing strategy and targets	Department of Human Settlements	Housing Act (Chapter 4, Section 9)
	Coastal management issues	Department of Environmental Affairs & Tourism	
	LED	Department of Economic Development, Environmental Affairs and Tourism, Department of Local Government and Traditional Affairs	Municipal Systems Act
	Integrated Infrastructure Planning	Department of Local Government and Traditional Affairs	

CATEGORY	SECTOR REQUIREMENT	NATIONAL DEPT	LEGISLATION/POLICY
	Spatial framework	Department of Rural Development and Land Reform, Department of Local Government and Traditional Affairs	Municipal Systems Act, Land Use Management Act Bill
	Integrated Energy Plan	Department of Minerals & Energy	White Paper on Energy Policy, December 1998
Requirement that IDP complies with	National Environmental Management Act (NEMA) Principles	Department of Economic Development Environmental Affairs & Tourism	National Environment Management Act (107 of 1998)
	Development Facilitation Act (DFA) Principles	Department of Rural Development and Land Reform	Development Facilitation Act
	Environmental Implementation Plans (EIPs)	Department of Economic Development, Environmental Affairs & Tourism	National Environment Management Act (107 of 1998)
	Environmental Management Plans (EMPs)	Department of Economic Development Environmental Affairs & Tourism	National Environment Management Act (107 of 1998)
	IDP/ budget link	National Treasury	Municipal Finance Management Act
Value adding contribution	Local Agenda 21		

The National Development Plan should be also considered during the review phase.

Each local municipality and the district municipality needs to include those planning documents that have been approved by Council or other strategies that might be relevant to the IDP process in their process plans.

6. PROGRAMME OF ACTION

The action program will be broken into five phases

- Preparation phase
- Monitoring and evaluation phase
- Objectives, Strategies, Projects phase and Scorecards

- Consolidate Reviewed IDP and Budget
- Approval phase

7. MECHANISM AND PROCEDURE FOR ALIGNMENT

The District framework plan was provided as the guiding document to the municipality. The municipality was part of the process of drawing up the framework plan together with other Municipalities that are under the Amatole District Municipality. The municipality participates in the District Wide Planning Forum that aims to strengthen Intergovernmental planning through mechanisms to ensure the full participation of local municipalities in IDP processes. The Inter-Governmental Forum will also be used to ensure that beneficial alignment of programs and projects occur with other spheres of government.

SECTION TWO: BUDGET PROCESS PLAN

1. INTRODUCTION

The concept of a 3-year budget is now well-entrenched in the Council's budgeting process and has been improved upon over the last number of years. Guidelines issued on budget processes by National Treasury from time to time have helped to refine and improve our systems.

The budget proposals for the 2021 MTREF should be informed by Council's Integrated Development Planning Process, particularly in terms of objectives, outputs and targets envisioned for the next 3 years. In this way, budget proposals and the Integrated Development Plan will be properly aligned.

Better budgeting enhances service delivery. This is the main message underlying the Municipal Finance Management and Budgeting Reform Program. In particular, integrated planning, budgeting and monitoring of service delivery performance strengthens the link between the services that departments provide and the benefits and costs of these services. The performance management system gives effect to the emphasis on improved transparency and accountability for the management and use of public resources.

The *Budget Process Plan* is issued to the Council, Executive Committee, Municipal Manager and various departments for the preparation of their 2024 MTREF budget proposals. It sets out the tasks to be performed and timeframes for each process. It is imperative that the timeframes are strictly adhered to in order to finalize the budget on time.

2. BUDGET PROCESS

The Medium Term Revenue and Expenditure Framework (MTREF) details 3-year rolling expenditure and revenue plans for Amahlathi Municipality. The MTREF budget process is designed to match the overall resource envelope, estimated through 'top-down' macroeconomic and fiscal policy processes, with the bottom-up estimation of the current and medium-term cost of existing departmental plans and expenditure programs

The budget process allows Council to:

- **Strengthen and evaluate the alignment between medium and long-term plans and funding proposals**
- **Revise its policy priorities, macroeconomic framework and resource envelope**
- **Evaluate departmental plans and allocate available resources in line with policy priorities**
- **Obtain the required authority from Council to spend [service delivery]**
- **Align parameter setting with budget outcomes and resource allocations.**
- **Link the Integrated Development Planning Process with the budget process**

The purpose of the 2024 budget process will be the completion of a medium-term expenditure framework that apportions resources in line with Council's policy priorities for the next three years. How this will be achieved is described below.

2.1.1 Matching policy priorities and resources

Deciding and agreeing on the best allocation of scarce resources to fund Council's many social, economic and political goals is the main purpose of the budget process.

Drafting these three-year plans will guide the policy prioritization and budgeting process for the 2023/2024 to 2025 MTREF.

Formulating an MTREF that has a three-year outlook will be put together by various role-players who interact at various stages of the budget process.

2.1.2 Medium term policy review

The budget process starts early in the year with a review of the IDP and budget processes of the previous year. Additional resources for funding new priorities arise from a review of the overall budget framework, including fiscal policy considerations, overall spending growth, inflation assumptions, and debt interest projections [if applicable at this stage].

The allocation of resources to the different sections and departments will be largely determined by Council's policies and priorities, which are reviewed during the process of developing the MTREF/budget and will take into account the various departments responsibilities for service delivery.

The timeline for critical budget decisions in the policy review stage of the process is outlined in table 1.

Table 1: Process plan timeline

July – August	Establishment of Budget Steering Committee, IDP and budget process plan review and table to council before 31 August
November - December	Setting budget parameters Consideration of the revision of the Council's establishment plan – meeting the HR capacity needs and the cost application of such capacity (functions to be considered)
December - January	Mid-year review process, Costing of personnel requirements, Submission of Budget Proposals
January	Mid- year review approved by council not later 25th January , Consolidate Adjusted Budget Proposals
February	Revised Budget approved by council not later than 28th February
February	Consolidation Draft Budget Inputs and Prepare Draft Budget
March	Tabling the Draft budget to Council not later than 31st March
April – May	Public Consultation on the IDP and Budget ; Council Approval not later than 30th May
June	Submission to National Treasury within 10 days

3. COMPILING MTREF BUDGET PROPOSALS

3.1.1 Budget Principles

Budgeting within the Medium Term Revenue and Expenditure Framework is based on a set of core principles that relate to:

- Fiscal policy and the budget framework
- Policy priorities and public expenditure
- Political oversight of the budget process

Budgeting for service delivery

3.1.2 Fiscal policy and the budget framework2

Medium-term spending plans of the various clusters for the period 2023/24 to 2024/2025 will be prepared within the context of Council's macroeconomic and fiscal framework.

As part of a three-year rolling budget process, the budget framework is revised each year. Additional resources for new expenditure will form part of the macroeconomic forecast. Growth in external funding particularly for capital projects is important if Council is to meet the objectives established in the IDP. Council is dependent on the Equitable Share to provide free basic services and support to the indigent in terms of council's Indigent support Policy.

The various role-players will have to examine the fiscal implications of new spending pressures and match them to available resources.

3.1.3 Policy priorities and public expenditure

Strengthening the link between Council policy priorities and expenditure is at the core of medium-term budgeting. Expenditure allocation translates policy priorities into the delivery of services to communities, and is therefore a key tool for accomplishing Council's goals.

3.1.4 Political Oversight of the Budget Process

The key to strengthening the link between priorities and spending plans lies in enhancing political oversight of the budget process. The Mayor has established a Budget Steering Committee to provide technical assistance to the mayor in discharging the responsibilities set out in section 53 of the MFMA.

Political oversight of the budget process is essential to ensure that:

- The political executive is responsible for policy and prioritization

Policy priorities are linked to cluster spending plans and the delivery of quality services

The Budget process commences with parameter and policy assessment and formulation.

Budgeting is primarily about the choices and trade-offs that Council has to make in deciding how to meet the agreed set of policy objectives through better service delivery. Political oversight of the budget process allows Council to manage the tension between competing policy priorities and fiscal realities.

3.1.5 Budgeting for Service Delivery

Strengthening the link between Council's priorities and spending plans is not an end in itself. The goal is to improve delivery of services and ultimately the quality of life of people throughout Amahlathi.

Better budgeting, as mentioned in the introduction, leads to enhanced service delivery. In particular, integrated planning, budgeting and monitoring of service delivery performance strengthens the link between the services that departments provide and the benefits and costs of these services. It is important to emphasize the role of performance management which serves to monitor performance against measurable performance objectives that are informed by service delivery targets as captured in the IDP.

The municipality must develop and approve measurable performance objectives for revenue from each source and for each vote in the budget, taking into account the municipality's IDP. These measurable performance objectives must inform the Service Delivery and Budget Implementation Plan which must be approved by the Mayor within 28 days after the approval of the budget.
