# **PURPOSE**

For the Council to adopt the Oversight on the Annual report of Amahlathi Local Municipality for 2023/2024 financial year.

# **AUTHORITY**

The Constitution of the Republic of South Africa, (1996 as amended). - The Local Government Municipal Structures Act (Act 117 of 1998 as amended). - The Local Government Municipal Systems Act (Act 32 of 2000 as amended) -The Local Government Municipal Finance Management Act (Act 56 of 2003) - Municipal Finance Management Regulations, Circular 11, 32 and 63 - The Standing Rules of Amahlathi Local Municipality - The Municipal Public Accounts Committee Terms of Reference

# LEGAL AND/ OR STATUTORY REQUIREMENTS

According to section 151(2) of the Constitution of the Republic of South Africa, 1996 (as amended) the legislative and executive authority of a municipality is vested in its municipal Council.

Section 79(1)(a) of the Municipal Structures Act (Act 117 of 1998 as amended) provides for the Council to establish one or more committees necessary for the effective and efficient performance of any of its function or exercise of any of its powers. Section 46(1)(a) of the Municipal Systems Act (Act 32 of 2000 as amended) states that a municipality must prepare for each financial year an annual report reflecting the performance of the municipality and each external service provider during that year.

Section 129(1) of the Local Government: Municipal Finance Management Act (Act 56 of 2003) states that: " The Council of a municipality must consider the annual report of the municipality and of any municipal entity under the municipality's sole or shared control and by no later than two months from the date on which the annual report was tabled in the Council in terms of 32 section 127, adopt an oversight report containing the Council's comments on the annual report, which must include a statement whether the Council-

(a) Has approved the annual report with or without reservations;

(b) Has rejected the annual report; or

(c) Has referred the annual report back for revision of those components that can be revised."

According to the Municipal Finance Management Act, 2003, Municipalities are enjoined to review the Annual report of the Municipality and municipal entity and develop and adopt an oversight report.

The Terms of Reference of the Municipal Public Accounts Committee provide for the Committee to oversee the Annual Report of the Institution and develop an Oversight Report

# BACKGROUND

Local government legislation requires municipalities to prepare annual reports on service delivery and financial performance. The requirement for annual reporting is contained in section 46 of the Municipal Systems Act, 2000 (Act 32 of 2000 as amended), and section 121 of the Municipal Finance Management Act, 2003 (Act 56 of 2003). In addition, the National Treasury (NT) issued Circular 11of the MFMA, which provides guidance to municipalities on compliance with the above legislation and in accordance with the said Circular:

A municipal annual report must include the following major elements:

- 1. Annual performance report, comparing the year's performance with the performance objectives established in the IDP, Budget and SDBIPs;
- 2. Annual financial statements (AFS), Auditor-General's (AG) audit report on the AFS and management's responses to address the AG's audit findings;
- 3. Other disclosures as required by the MFMA in Sections 121, 123, 124and 125 (e.g. Councilors and top management compensation, grants, bank accounts, investment information, etc.).

Section 129 (1) of the Municipal Finance Management Act, 2003 and National Treasury's (NT) Circular 32 direct and guide the oversight process and the preparation of the oversight report.

The Municipal Public Accounts Committee are successors in title to the Oversight Committee whose mandate entails, inter alia to:

- a) Lead the process of review of the annual report for Council, through a detailed analysis and engagement with stakeholders.
- b) Engage the Executive and the Administration on issues raised by the Auditor General to get assurance that such issues are attended to.
- c) Prepare the oversight report and provide Councilors with a more detailed and comprehensive analysis of the annual report than what they would have reached individually and or during the sitting of Council.

The rationale for the establishment of oversight committee is to assist the Council in providing better oversight over municipal operations and, ultimately, improve the quality of the annual report so that it can function as an effective performance monitoring tool for Council and citizens.

In terms of the National Treasury guidelines for Councilor's part eleven the Oversight of a municipality is not confined to the financial statements but includes monitoring the service delivery and the level of performance of the Municipality. For this reason, Oversight must "assess effectiveness, efficiency, service quality and municipal productivity and reports on SDBIP implementation that assesses whether promised service delivery targets have been delivered". It assesses whether the services that are delivered to the citizens meet the expectations of the citizens and whether they are of such a quality that is commensurate with the resources invested.

Considering that the review of the annual report may not be effective if done by the whole Council, the Amahlathi Local Municipality Council appointed multi-party Municipal Public Accounts Committee, in line with Guidelines issued by the Department of Cooperative Governance and the National Treasury.

Accordingly, the Municipal Public Accounts Committee is mandated to receive the Annual Report and analyze it to establish if the Municipality has fulfilled its mandate to the electorate in terms of service delivery as well as whether in delivering such services the resources of the institution were utilized in an effective and efficient manner.

On receipt of the Annual report of ALM and the consolidated annual financial statements the Municipal Public Accounts Committee met to consider the annual reports as required in terms of the Act, 2003 and developed a program of action to guide the committee in dealing with the Annual report.

The program of action also includes Public Participation on the Annual Report thus affording communities an opportunity to assess the performance of the Municipality as envisaged in section 16(1)(a)(iii) of the Municipal Systems Act (Act 32 of 2000 as amended). Comments and inputs of the Communities are included in the Oversight Report.

#### INTRODUCTION

Section 151(2) of the Constitution of the Republic of South Africa, 1996 as amended, vests both legislative and executive authority of the Municipality on the Council. This means that Council has the responsibility to oversee the work of the Executive and the Administration of the municipality. The oversight responsibility of the Council is meant to ensure that there are checks and balances in the running of the Municipality and the delivery of services to the community.

Section 152(a) of the Constitution of the Republic of South Africa, 1996 as amended, states that the object of local government is:

# "To provide democratic and accountable local government for communities".

In the light of this provision, it becomes the responsibility of all the political and administrative office bearers to promote a culture of accountability within the entire institution and any municipal entity of which the municipality has sole or shared responsibility or ownership and seek to give effect to the provisions of the Constitution.

The submission of the Annual Report and the Annual Financial Statements to the Council is a step towards the attainment of fully accountable governance and enables the Council to exercise its leadership role in ensuring an accountable local government. The submission of the Oversight report on the annual financial statements and the annual report is an area in which the Council must play a meaningful role in terms of ensuring:

- That the Executive and the Administration comply with the requirements of the Municipal Finance Management Act, 2003 and other relevant legislation in terms of reporting.
- 2. That the annual report reflects that the Municipality has lived up to its goals and strategies in terms of delivering services to the community as set out in its Integrated Development Plan.
- 3. That the municipality responds to national and provincial government norms in terms of the development objectives set by those spheres of government.

- 4. That the interests of the community are served to the extent that the municipality has the capacity and the resources to respond to the needs of the community.
- 5. That the municipality gives effect to the Integrated Development Plan as required in terms of section 36 of the Municipal Systems Act (Act 32 of 2000 as amended) and the Standing Rules (2014).
- 6. That the resources of the Institution are applied in an efficient and economic manner to deliver services to the community.

The Council of Amahlathi Local Municipality in considering mechanisms to do effective oversight in terms of the Act resolved to appoint a Municipal Public Accounts Committee to exercise the oversight functions of Council on behalf of the Council and report progress in terms of section 79 of the Municipal Structures Act (Act 117 of 1998 as amended). The Terms of Reference of the Municipal Public Accounts Committee include the consideration of the Annual Report and preparation and presentation of an oversight report to the Council for adoption.

# SUMMARY OF THE RESOLUTION OF THE COUNCIL ON THE ANNUAL REPORT

The Mayor of Amahlathi Local Municipality, Her Worship Cllr Nomakhosazana Nongqayi, presented the Annual Report and the Audited Annual Financial Statements for the Local Municipality in a Special Council Meeting held on the 23 January 2025 in terms of section 127 of the Municipal Finance Management Act (Act 56 of 2003) as part of item 4.9 of the Special Council Agenda.

# <u>RESOLVED</u>

That the 2023/2024 Annual Report with Audited Annual Financial Statements appended to the agenda for the 03/2024/2025 Special Council Meeting held on the 23 January 2025 <u>BE APPROVED.</u>

# PROCESS FOLLOWED BY THE MUNICIPAL PUBLIC ACCOUNTS COMMITTEE IN DOING ITS WORK.

In terms of the Municipal Finance Management Act, 2003 (Act 56 of 2003), section 121 states that: Every Municipality and every Municipal entity must for each financial year prepare an annual report in accordance with this chapter. The Council of the Municipality must within nine months after the end of the financial year deal with the annual report of the Municipality and any of the Municipal entity under the municipality's sole or shared control in accordance with section 129.

The Committee developed a program of action for oversight on the Annual Report. The Program of action which is attached herewith as **Annexure 1E** of this report entailed the following key component:

 Roll out of the Annual report to Communities for the citizens to be afforded an opportunity to give their views and raise concerns on the performance of the Municipality on service delivery.

#### **MEMBERSHIP**

The oversight committee is a committee of council established under section of the municipal structures act 1998.Sectoin 79, allows for co-option of advisory members to a committee, who are not members of the council Due to the separation of roles and responsibilities between council and executive committee (MAYOR AND EXCO).It is not appropriate that members of the EXCO be members of the oversight committee.

#### AMAHLATHI OVERSIGHT COMMITTEE COMPOSED OF THE FOLLOWING MPAC **MEMBERS**:

#### PUBLIC PARTICIPATION ON THE ANNUAL REPORT

Public hearings on the Annual report are a unique opportunity for communities to analyze and give comments on how they view the performance of the Municipality. In this regard the Municipality is able to comply with the provisions of section 16(1) (iii) of the Local Government Municipal Systems Act, 2000 as amended. However successful and effective participation of citizens in these processes depends on the extent to which an enabling environment is created for effective engagement. Thus, the support and cooperation of the local municipalities is important so that communities are able to evaluate the performance of local government in their areas.

During the Public Hearings the Committee was accompanied by the Honorable Mayor Mayor who presented the report to the communities. The Committee is pleased to report that it was able to visit all the areas of the local municipality.

The Committee noted that some of the issues raised by communities during the Public Hearings were raised in previous years and there is an indication that the Institution has not been able to resolve them, or they are taking longer to resolve. It is the view of the Committee that the Local Municipality is not moving fast enough in resolving the issue.

While the Communities have raised a number of issues, the over-arching impression was that of appreciation of the efforts that are made by ALM in delivering services to communities. Amongst the positive comments of the Communities are the following:

- a. The Amahlathi Local Municipality's consistency in bringing a report to communities on their performance.
- b. Communities appreciate the efforts that are made by ALM in delivering services in viewofthebackloginheritedfromthepast.

The details of the comments of the communities are captured in "Annexure 1F" of the report

#### INTERACTION WITH THE EXECUTIVE AND THE ADMINISTRATION

An important component of the oversight on the Annual report is the interaction between the Municipal Public Accounts Committee, the Executive and Administration. The purpose of the interaction is for the Municipal Public Accounts Committee to get assurance that matters raised by the Auditor General are receiving the attention of the Administration and the Executive and that there are plans in place to systematically deal with the matters and resolve them timeously. Due to the tight schedule of the ALM calendar, it was not possible to meet with the Executive and the Administration before the committee undertook the process of the public hearings.

# <u>SUMMARY OF CONCLUSIONS OF COUNCIL WITHOUT RESERVATIONS</u> <u>EXPRESSED ON THE ANNUAL REPORT AND THE ANNUAL FINANCIAL</u> <u>STATEMENTS OF THE ALM</u>

The Municipal Public Accounts Committee has reviewed the Annual report and consulted communities in the process. The Committee is satisfied that the information provided is a fair representation of the state of affairs within the Municipality. The Committee therefore recommends that the Annual report of Amahlathi Local Municipality be adopted.

# AMAHLATHI LOCAL MUNICIPALITY

# INVESTIGATION OF IRREGULAR, FRUITLESS & WASTEFUL EXPENDITURE AS AT 31 DECEMBER 2023

#### **IRREGULAR EXPENDITURE AS AT 31 DECEMBER 2023**

#### [File No......] [Author: MPAC Chairperson: ZA/Q] [Ordinary Council Meeting: 27 March 2024]

#### Purpose

The purpose of this communication is to provide a report to the council on investigation of irregular expenditure that amounts to **R 1 182 340,11**.

#### **Background**

The two companies: Kukho Consulting (who was rendering consulting services ) and Ebusha General Trading who supplied and delivered Asphalt for the municipality had issues with SARS. During the evaluation process of Kukho Consulting and Ebusha General Trading were not tax compliant to SARS however they entered into an agreement or a payment arrangement with SARS which led to their appointment by the municipality as service providers. During the appointment stage they were in good standing with SARS in terms of honoring their arrangement, however they defaulted and the Auditor -General classified the two companies as irregular appointments.

Considering the above, the Municipal Public Accounts Committee took its initiative to investigate the above-mentioned expenditure as part of its duties to enable the council in respect of financial management to fulfil its constitutional obligation to scrutinize and oversee executive action with regards to financial administration and non-financial activities.

#### **Authority**

The Constitution of the Republic of South Africa, 1996 as amended. The Local Government Municipal Structures Act (Act 117 of 1998) The local Government Finance Management Act (56 of 2003), The Municipal Supply Chain Management Regulation.

#### Legal / Statutory Requirement

According to section 151(2) of the Constitution of the Republic of South Africa, 1996 as amended, the legislative and executive powers of a municipality are vested in its municipal council. In terms of this provision the council is expected to develop mechanisms to ensure a balance in the performance of both functions compromise to the principle of separation of powers.

Section 79 of the Local Government Municipal Structures Act (Act 117 of 1998 as amended) makes provision for the Municipal Council to

(b). Establish one or more committees necessary for the effective and efficient performance of any of its functions or the exercise of any of its powers.

#### CONCLUSION

During the investigation, the committee discovered that the expenditure was incurred due to two companies which failed to honour the SARS payment arrangement they entered into. Even though the companies defaulted on paying SARS, the services were rendered at market value and value of work matched what was paid for.

The conclusion and recommendation(s) of this report are based on the information obtained through inquiry meetings with officials deemed relevant for the investigation and the scrutiny of documents obtained *from BTO*.

#### RECOMMENDATIONS

- That the Council <u>APPROVES THE WRITE OFF</u> of irregular expenditure that amounts to R 1 182 340.11.
- That the Municipality <u>refrains</u> from appointing service providers that are not tax compliant to SARS irrespective of the arrangement made by the service provider with SARS.

#### FRUITLESS AND WASTEFUL EXPENDITURE AS AT 31 DECEMBER 2023

#### [File No......] [Author: MPAC Chairperson/ZA/Q] [Ordinary Council Meeting: 27 March 2024]

#### Purpose

The purpose of this communication is to provide a report to the council on the investigation of fruitless and wasteful expenditure that amounts to **R 7 536 510,18**.

#### Background

The municipality has been struggling to keep up with the payment of salaries and third parties at the same time for a couple of years, this situation has resulted in the prioritization of salaries for employees and councillors over the payment of third parties. The above-mentioned situation has been going on for quite some time and has resulted the municipality to incur interest from the third parties.

Considering the above, the Municipal Public Accounts Committee took its initiative to investigate the above-mentioned expenditure as part of its duties to enable the council in respect of financial management to fulfil its constitutional obligation to scrutinize and oversee executive action with regards to the financial administration and non-financial activities.

#### Authority

The Constitution of the Republic of South Africa, 1996 as amended. The Local Government Municipal Structures Act (Act 117 of 1998) The local Government Finance Management Act (56 of 2003), The Municipal Supply Chain Management Regulation.

#### Legal / Statutory Requirement

According to section 151(2) of the Constitution of the Republic of South Africa, 1996 as amended, the legislative and executive powers of a municipality are vested in its municipal council. In terms of this provision the council is expected to develop mechanisms to ensure a balance in the performance of both functions compromise to the principle of separation of powers.

Section 79 of the Local Government Municipal Structures Act (Act 117 of 1998 as amended) makes provision for the Municipal Council to

(b). Establish one or more committees necessary for the effective and efficient performance of any of its functions or the exercise of any of its powers.

#### **CONCLUSSION**

During the investigation, the committee discovered that the expenditure was incurred due to interest on overdue accounts and penalties. The main cause for the late payments was the prioritization of salaries for employees and councilors over the payment of creditors. The conclusion and recommendation(s) of this report are based on the information obtained through inquiry meetings with officials deemed relevant for the investigation and the scrutiny of documents obtained from BTO.

#### RECOMMENDATION

 That the Council <u>APPROVES THE WRITE- OFF</u> of fruitless and wasteful expenditure that amounts to R 7 536 510,18.
