## TERMS OF REFERENCE (SPECIFICATION)

### AMAHLATHI LOCAL MUNICIPALITY

#### TERMS OF REFERENCE

It is the intention of the Amahlathi Local Municipality to appoint a qualified and experienced Service Provider/Consultant to perform external audits on waste disposal facilities in Amahlathi LM (Stutterheim, Keiskammahek, Cathcart landfill sites and Cathcart transfer station). These Terms of Reference and the service provider's proposal will form the basis of the contract.

#### SECTION 1: DETAILS

Province	Eastern Cape
Municipality	Amahlathi Local Municipality
Project Name	Appointment of a qualified and experienced Service Provider/Consultant to perform external audits on waste disposal facilities in Amahlathi LM (Stutterheim, Keiskammahoek, Cathcart landfill sites and Cathcart transfer station).

#### SECTION 2: SUMMARY OF BRIEF

- **Bids/Proposals** are requested from suitably qualified and experienced professional consultants to undertake external audits on waste management facilities in Amahlathi LM (Stutterheim, Keiskammahek, Cathcart landfill sites and Cathcart transfer station). The successful bidders to this tender (hereinafter referred to as the "Waste Auditor") will be required to perform waste disposal facility external audits (hereinafter referred to as "waste audits") in terms of the section 34 of the Environmental Impact Assessment (EIA) Regulations, 2014 (EIA Regulations, 2014), associated with compliance monitoring in terms of the Waste Management Licences (WMLs) issued as a result of the Environmental Impact Assessment process, which will be the subject of the final waste audit reports, which will be compiled in the format prescribed by and submitted to the Licensing Authority.

#### SECTION 3: PROJECT DESCRIPTION

#### BACKGROUND

The Constitution of the Republic of South Africa, 1996 prescribes that Municipalities are responsible for the collection, management and disposal of solid waste and maintenance of waste disposal sites. Waste management activities are carried out at these sites that require waste management licenses from the Licensing Authority which comply with the associated Waste Management Legislation, including the National Environmental Management Waste Act 2008 (Act59 of 2008). To obtain a Waste Management Licence, an Environmental Impact Assessments (EIA), process needs to be completed, in which the associated impacts on the environment are established and pre-determined. By performing waste disposal facility audits, the mitigation measures proposed during the EIA and Waste Licensing Application process, can be monitored for effectiveness, and compliance to these

conditions. The report as a result of the waste disposal sites audit needs to consider the conditions of authorization in the Permits, waste management licenses and environmental management programmes (EMPr(s)), as well as all the impacts of the waste activities on the environment.

### **NEMA, SEMAs and NEM: WA**

It is necessary to monitor compliance with all relevant environmental legislation. However, the focus of the waste audit will be compliance with National Environmental Management Act (NEMA), 1998 (Act No. 107 Of 1998) and all Specific Environmental Management Acts (SEMAs), including the National Environmental Management: Waste Act (NEM: WA), 2008 (Act No. 59 Of 2008). The independent Waste Auditor must determine whether any provisions of the NEMA, including all SEMAs, which includes the NEM:WA, were transgressed. The appropriate rectification process must be proposed by the independent Waste Auditor if any transgression were found.

### **ISO 14001 Standards**

The independent Waste Auditor must also consider the ISO 14001 Standard procedures when conducting Waste Audits. Preference will be given to those waste auditors proposing to perform waste audits in accordance with the ISO 14001 Standard.

The purpose of these terms of reference is to request skilled service providers to submit formal quotations or proposals to perform the external and independent waste audits on waste disposal sites of Amahlathi LM based on the permit and licence conditions.

The following waste disposal sites will be audited:

- Stutterheim landfill site
  - Keiskammahoek landfill site
- Cathcart disposal site
- Cathcart transfer station

## **SECTION 4: PROJECT PURPOSE / OBJECTIVES**

To ensure that the municipality remains compliant with the conditions of the Permits, waste management license (WML), the Municipality must ensure that the waste disposal sites are audited externally by an independent auditor. The findings of the waste audits must be compiled by the independent Waste Auditor and submitted to the Licensing Authority for review.

The objectives of the waste audit will be to:

- Ensure that the Municipality complies with the conditions regarding external audits to be performed as stipulated in the Permits, WMLs.
- Monitor the impacts on the environment based on the conditions of the Permits, WMLs, which must also be in line with the objectives specified in the EIA Regulations, 2014 as included under the Scope of this document.

## **SECTION 5: PROJECT OUTCOMES/ OUTPUTS/ DELIVERABLES**

- Improving waste management practices
- Enhancing environmental compliance
- Identifying areas for cost savings
- Gather data for reporting
- Evaluate the effectiveness of existing systems
- Potentially lead to new waste streams or better staff education
- Audit will contribute to a more sustainable and responsible approach to waste disposal

## **SECTION 6: IMPLEMENTATION PROCESS**

The Municipality intends to appoint an experienced and qualified service provider to perform external audits on waste disposal facilities in Amahlathi LM (Stutterheim, Keiskammahek, Cathcart landfill sites and Cathcart transfer station). These Terms of Reference and the service provider's proposal will form the basis of the contract. All work associated with this project in terms of these terms of reference requirements must be completed within a set period as per environmental management guidelines. The proposals must include a work plan, workflow and costs.

### **SCOPE**

#### **Waste Management Licence and Permit compliance auditing**

The scope of work for the appointed independent Waste Auditor will be, to establish the level of compliance with the conditions of the Permits, Waste management licenses (WMLs), granted for the waste listed activities of the waste management disposal sites specified in the list of waste management disposal sites. All conditions included in the Permits, WMLs will be considered to be applicable and will have to be audited. The only conditions that cannot be audited are those conditions regarding the appeals process and conditions regarding decommissioning of a waste disposal site while it is operational and vice versa. Where the independent Waste Auditor does not have the expertise to audit a condition, an external source will have to be procured to audit the condition, at no additional cost to this Municipality if such a need arises. If certain conditions require Permit and WML variations, the independent Waste Auditor must specify the reasons for recommending the variations.

The following items are expected to fall within the scope of the waste audit on waste disposal sites, to monitor:

- The general activities, whether operation or rehabilitation, is in accordance with the authorised activities.
- The locations of the facilities according to the GPS co-ordinates contained within the Permits and WMLs.
- The footprints of facilities according to the GPS co-ordinates contained within the Permits and WMLs.
- Site security and access control, including notice boards, traffic control and perimeter/boundary fence according to the Permits, WMLs.
  - The maintaining of the buffer zone
- Calculating the remaining airspace.
- Prohibited waste reclamation activities on the working face of WDFs.
- The permissibility of waste disposed of at the waste disposal site according to the Permits and WMLs and the methods used to assess such permissibility for disposal at the waste disposal site.
- The ease of access to the Permits, WMLs of the site personnel on the WMFs.

- The competency of the waste disposal site staff to carry out their responsibilities in terms of the Permits, WMLs.
- Specific conditions related to decommissioning (when applicable):
  - i) Whether a closure report has been submitted timeously and in accordance with the relevant Permit and WML conditions.
  - ii) The decommissioning construction and determine whether it has been carried out and maintained in accordance with the Permits and WMLs.
  - iii) Whether decommissioning has been supervised by a Professional Civil Engineer, registered under the Engineering Profession of South Africa Act, 2000.
  - iv) Leachate management infrastructure and determine whether it has been constructed and maintained in accordance with the Permit and WML conditions.
- The Standard Operating Procedures (SOPs).
- The prevention of breeding of vermin and vectors and prevention of nuisance conditions, such as flies, dust, odour, litter, noise, burning of waste and health risks.
- Complaints and incidents registers and determine whether they are appropriately maintained and stored for easy reference.
- Compliance regarding all surface water and groundwater quality management and the interpretation of the water sample analyses in accordance with the Permit and WML requirements.
  - Compliance regarding all investigations that may be required and determine whether they were timeously completed and submitted to the Licensing Authority.
  - Compliance regarding all internal and external waste audit reports and determine whether they were conducted according to the frequencies specified in the Permit and WML conditions.
  - Compliance with the conditions related to the Residence Monitoring Committees according to the Permits, WMLs.
  - The records kept and determined whether they were maintained according to the Permit and WML conditions as well as reporting to the Licensing Authority's waste information systems.

Other factors to be audited which may not be directly related to the Permit and WML conditions:

- Progressive rehabilitation of waste disposal site (if any).
- Staff structures.
- Occupational Health and Safety of personnel.
- Training of personnel.
- First aid and emergency plans.
- Accident and incident reporting.
- Compliance with the quality of the water discharged into the environment via surface and sub-surface flow, according to the Revision of General Authorisations in terms of Page 5 of 43 section 39 of the National Water Act, 1998 (Act No.39 Of 1998), Government Notice No. 665 of 6 September 2013.

### **Waste audit site inspections**

It should be sufficient to have one site inspection performed for each Waste disposal site audited.

## **SECTION 7: IMPLEMENTATION SCHEDULE**

### **REPORTING REQUIREMENT**

- The service provider will act in close cooperation with Amahlathi LM and will report to the Director of Community Services.
- The department will assess and approve progress reports and related payments in terms of the contract.

- b) The applicable preference point system for this tender is the **80/20** preference point system.
- c) Either the **90/10 or 80/20 preference point system** will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 **To be completed by the organ of state:**

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
<b>Total points for Price and SPECIFIC GOALS</b>	<b>100</b>

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

### 2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation.
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“Rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“The Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

## CERTIFICATE OF INDEPENDENT BID DETERMINATION

MBD 9

- 1 This Municipal Bidding Document (MBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - a. take all reasonable steps to prevent such abuse;
  - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

I, the undersigned, in submitting the accompanying bid:

\_\_\_\_\_  
(Bid Number and Description)

in response to the invitation for the bid made by:

\_\_\_\_\_  
(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: \_\_\_\_\_ that:  
(Name of Bidder)

1. I have read and I understand the contents of this Certificate.
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect.
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder.
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder.
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
  - (a) has been requested to submit a bid in response to this bid invitation.
  - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities, or experience; and
  - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement, or arrangement with any competitor. However, communication between partners in a joint venture or consortium<sup>3</sup> will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
  - (a) prices;
  - (b) geographical area where product or service will be rendered (market allocation)
  - (c) methods, factors or formulas used to calculate prices.
  - (d) the intention or decision to submit or not to submit, a bid.
  - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
  - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements, or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

<sup>3</sup> **Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill, and knowledge in an activity for the execution of a contract.**

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
